

\$100,000 Fund Drive

The **Motyka Dannin Osteopathic Educational Foundation, Inc.** was formed at the initiative of the **Indiana Osteopathic Association (IOA)**. Its mission is to raise and distribute funds primarily in support of the study of Osteopathic Medicine. This includes scholarships, grants for research, seminars, and similar programs.

Our present initiative is to raise \$100,000 by May of 2017 in order to award a forgivable loan in the amount of \$10,000 annually.

Your generous support will also allow us to provide opportunities for students to attend IOA CME meetings, attend DO Day on Capitol Hill sponsored by the American Osteopathic Association (AOA), attend the AOA House of Delegates, and identify other useful initiatives for our students and members.
